

Title of the Practice:

1) College Student's Liability Fund

Objectives of the practice:

1. To save them from discontinuation of their studies owing to poverty
2. To financially support all the deserving poor students without any discrimination of caste and creed.

The Context:. After comprehensive deliberations with students and teachers, it was decided to extend the benefit to all the poor students, who do not have the advantage of government scholarship without any discrimination of caste and creed. The Practice: In situation of dire poverty, it is evident that without financial support from an external source, the rural youth cannot hope to complete their higher studies.
